

# Connect

order entry kiosk

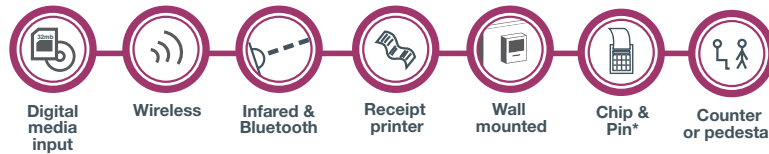

Connect is the perfect choice for those requiring a space-saving order entry photo kiosk. Part of the extensive NeoProducts photo kiosk portfolio, the compact, entry level unit enables input from a variety of digital media. With Connect, customers are able to process their images and orders and arrange for collection/delivery from the photo lab. Key attributes:

**Flexible:** Options include an extensive range of card readers and CD ROM readers, ensuring Connect can support a variety of self-service environments

**Future-proofed:** Compatible with a full range of digital input devices – digital media, wireless devices, bluetooth wireless technology and infrared enabled devices

**Space efficient:** Slim-line, countertop format enables retailers to maximise upon space within their retail environment

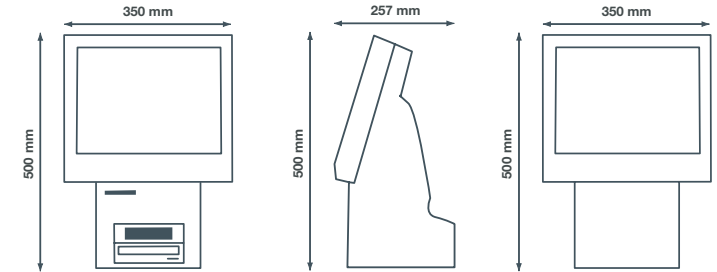

\*Options, at extra cost.
